The Rio Dell-Scotia Chamber of Commerce is a membership organization that seeks to enhance the quality of life in the two communities that form its base. It does this through events and activities that aim to bring tourists and other visitors to the area and through opportunities for residents to meet and share information.

If you live in, or have a business that serves Rio Dell, Scotia and the surrounding areas, please consider a chamber membership to support our efforts. These include expanding each year the Wildwood Avenue holiday decorative display with the goal of making the community a regional "Christmas Tree Lane" that will bring visitors to view the displays.

The Chamber partners with other organizations to put on community events such as the annual Wildwood Days parade, host speakers on various topics and to allow groups to utilize our meeting space at 406 Wildwood Avenue in Rio Dell. Additionally, through a free, monthly newsletter, our website and social media pages we share news with the larger community, promote upcoming events, and introduce new businesses.
