~Artist of the Month~

"It's amazing how something so beautiful comes from nature for us to use and look at." That is what this month's Artist of the Month, Catherine Pugel, says about her love of using natural elements in making her jewelry.

Catherine has been living in Humboldt County for about 10 years, having moved here from the Bay Area after getting married.

One day as she was walking along Agate Beach she saw all the agates and decided to use some to make something beautiful for people to look at. Since then she has incorporated the use of pearls and crystals also.

Catherine says that she is interested in doing a class with some local youth to teach different techniques, and working with different natural gems. Having a background in preschool and daycare administration helps her to understand the way children and youth do things.

She will be showing her jewelry at the EPAD Gallery this month. So come on by 406 Wildwood Ave, Rio Dell, inside the Chamber of Commerce.
